Dessins inspirés du tattoo

Drawings inspired from tattoo style

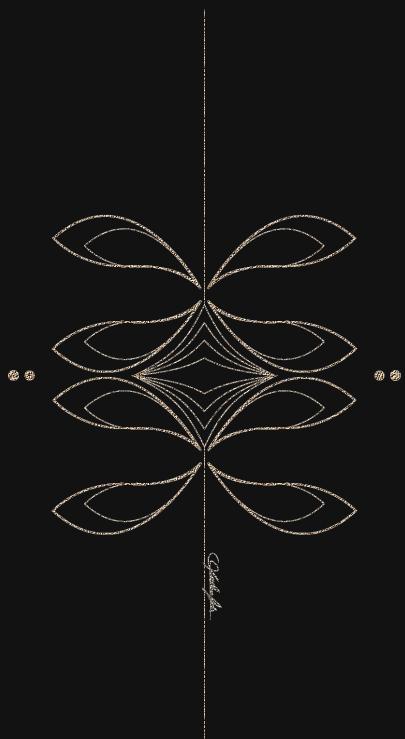

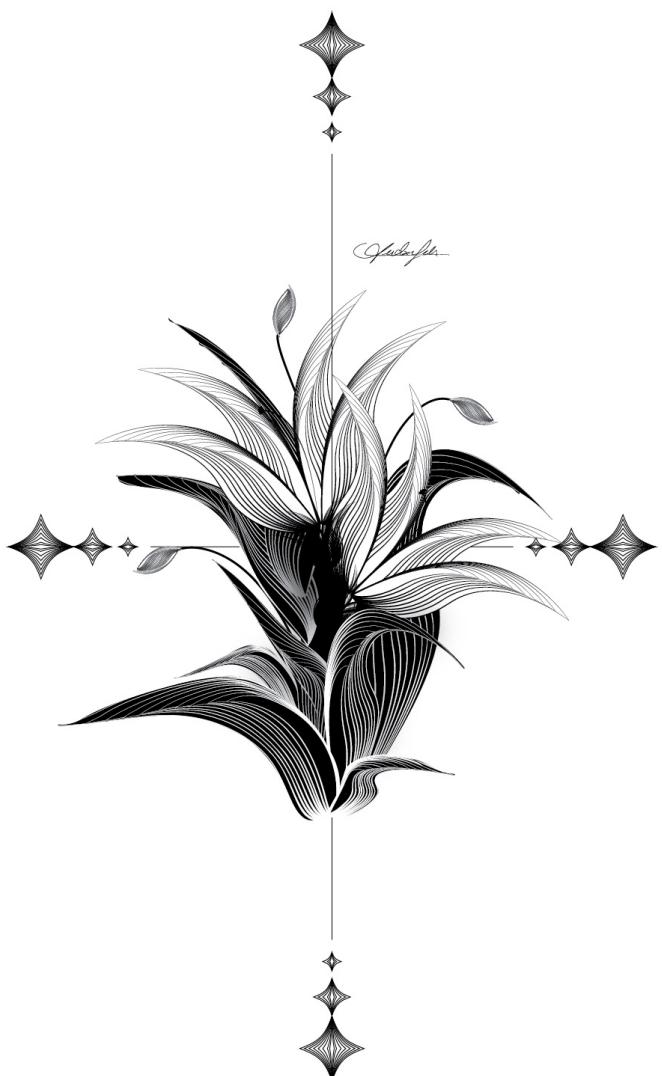

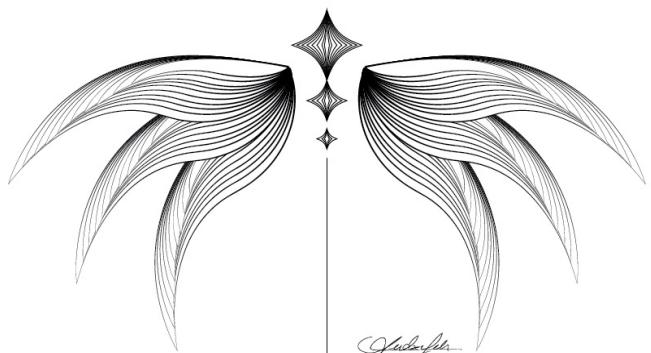

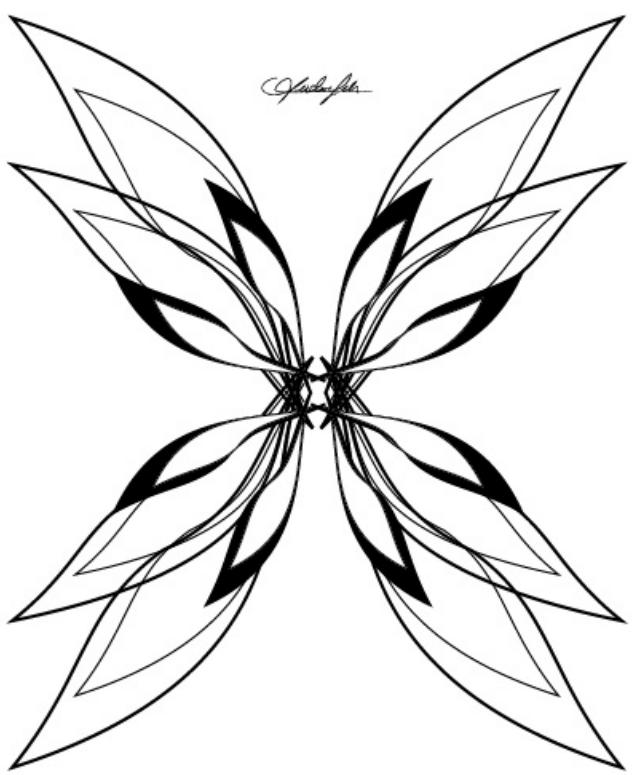

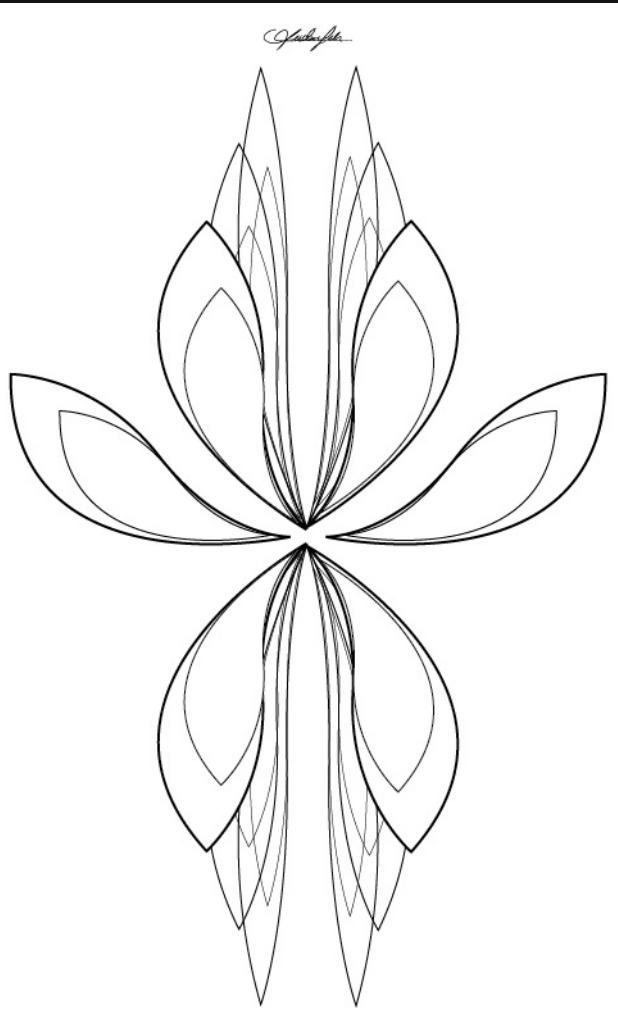

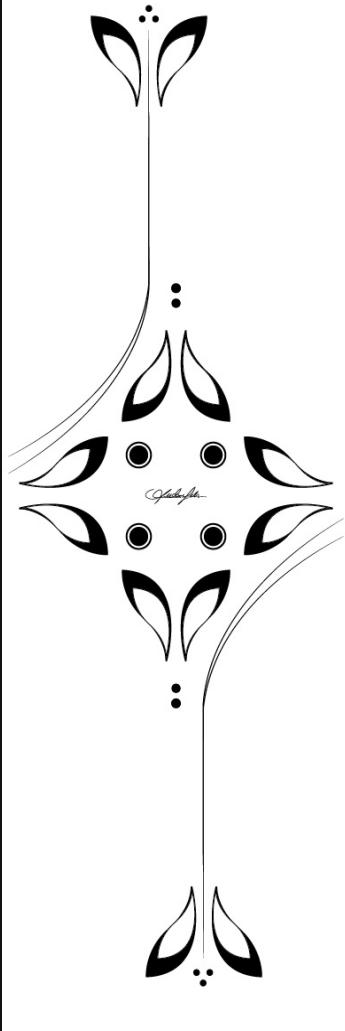

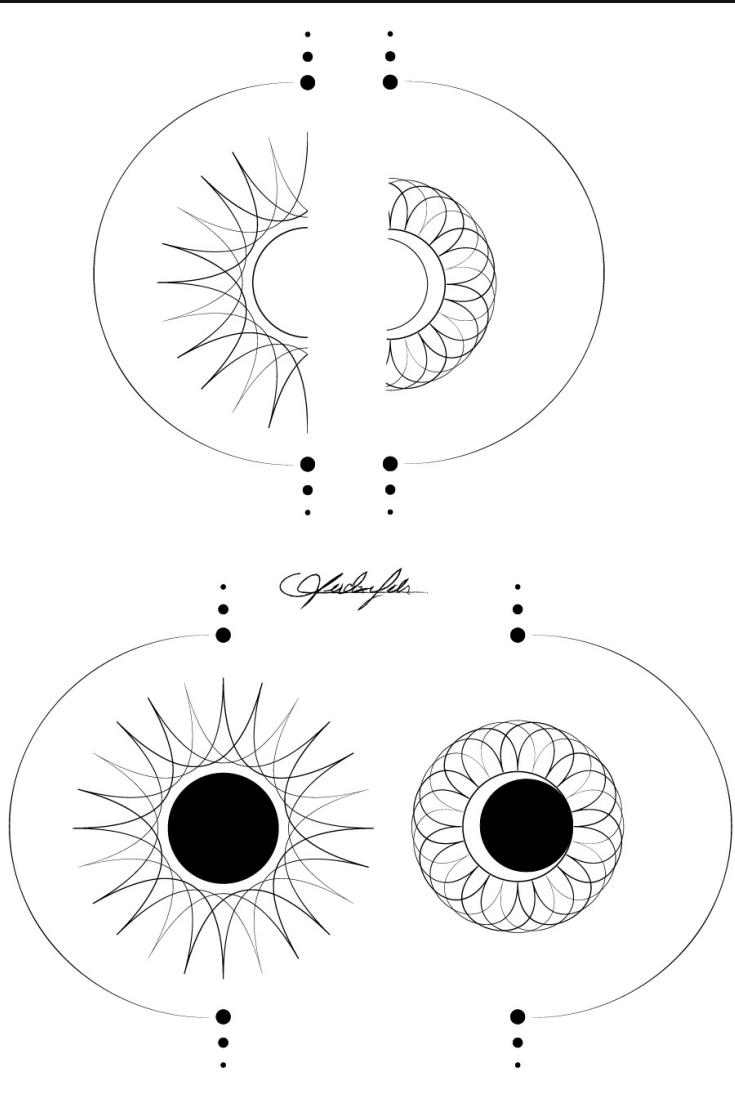

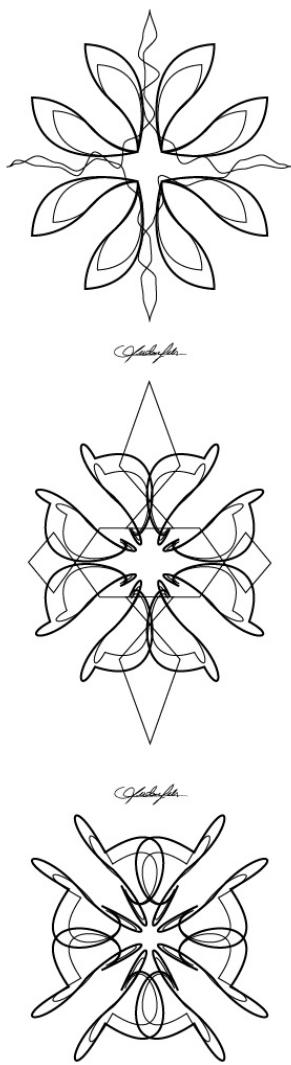

Les designs de tatouages, surtout fins, ont toujours été une source d'inspiration pour moi. En plus de leur esthétiques plaisants sur la peau, je les trouve de même très élégants, raffinés sur divers supports, notamment les affiches et les logos.

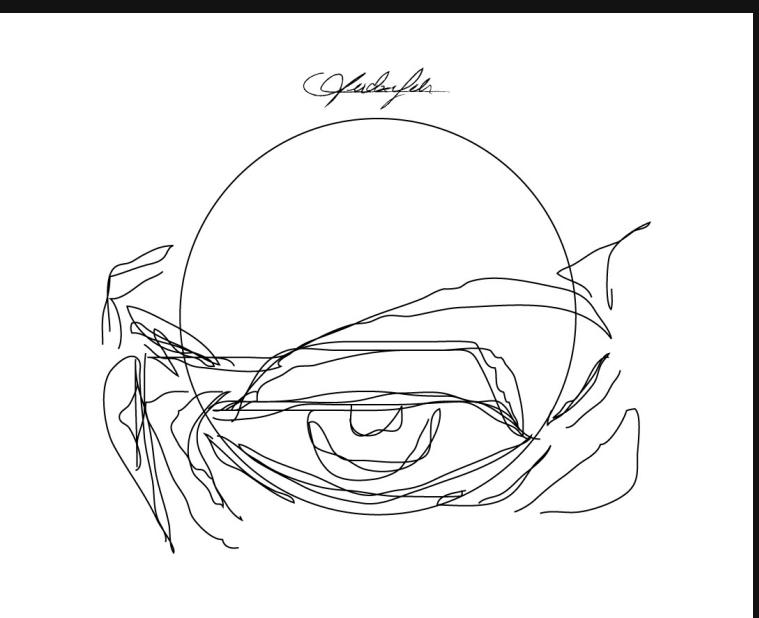

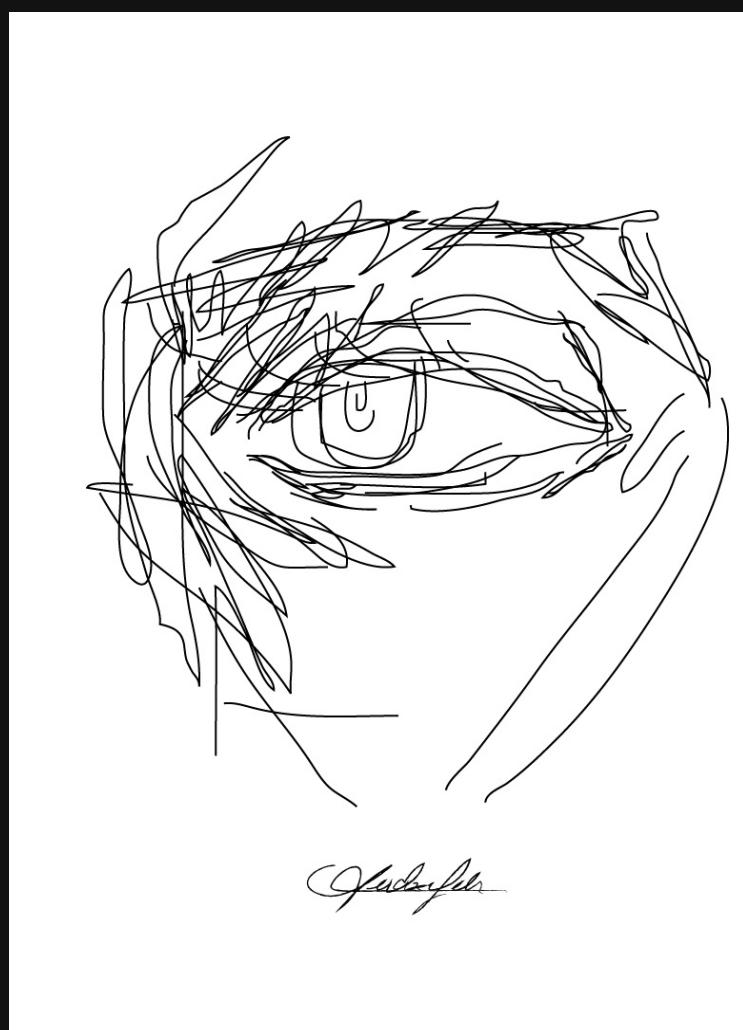

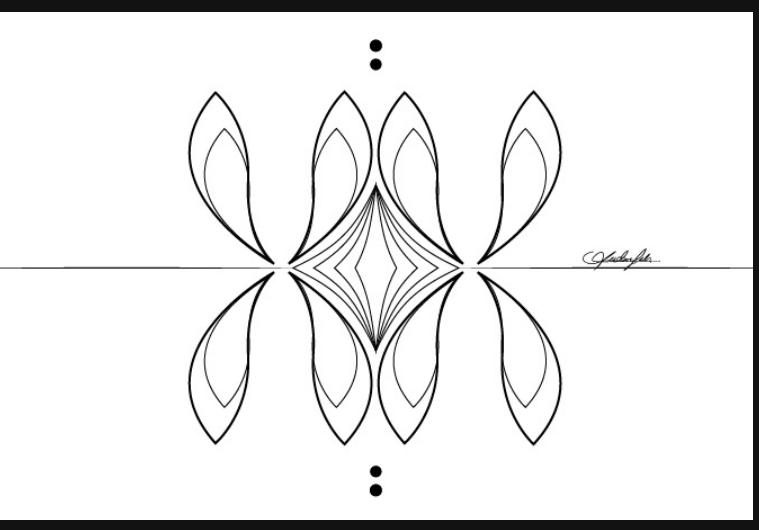

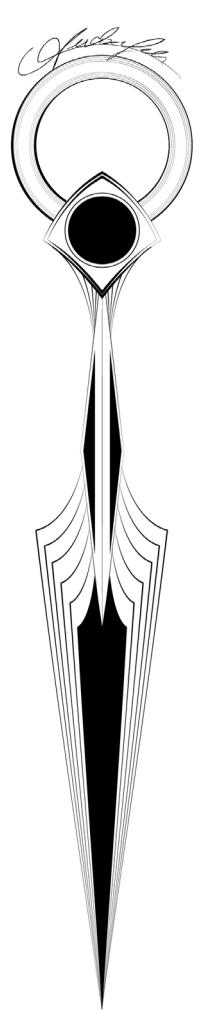

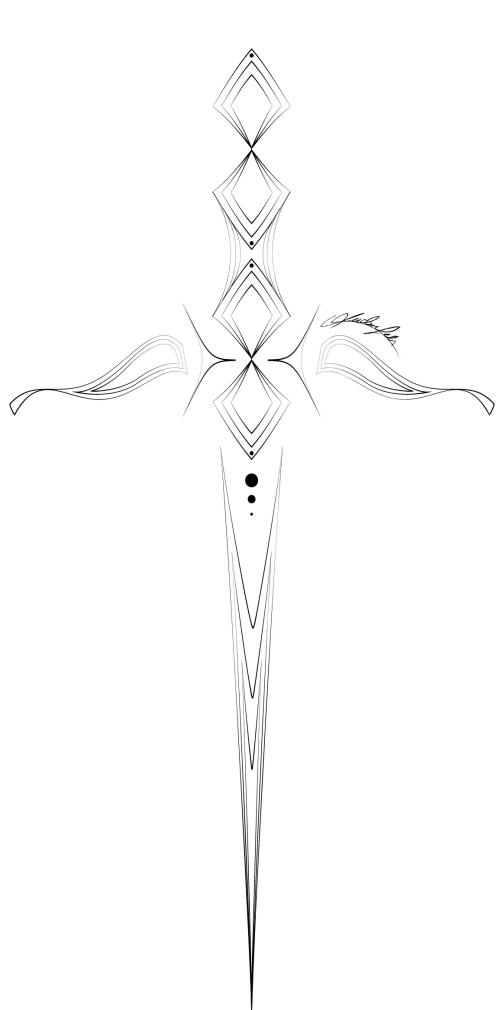

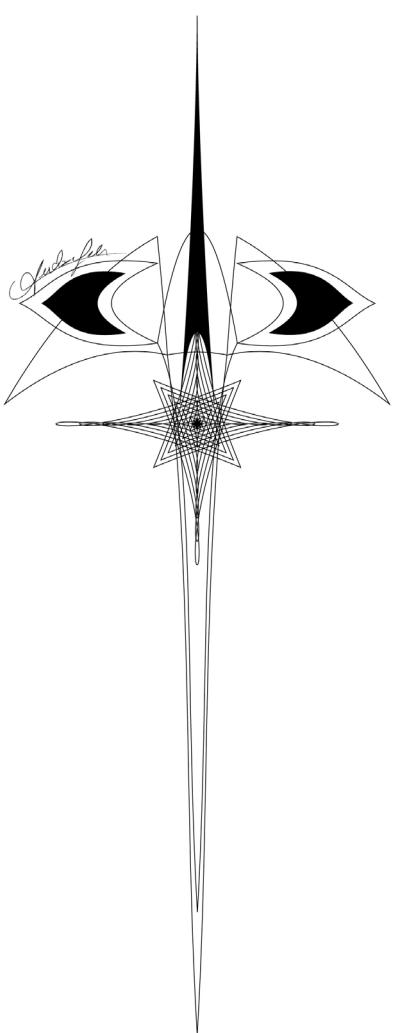

Réalisé sur Illustrator, avec quelques fois des brouillons faits main.

I have always been inspired by tattoos designs, especially if those are fine lines. Although they look phenomenal on the skin, I find them fitting, elegant, on diverse supports such as posters or logos.

Made with Illustrator, sometimes drawn as drafts on paper.

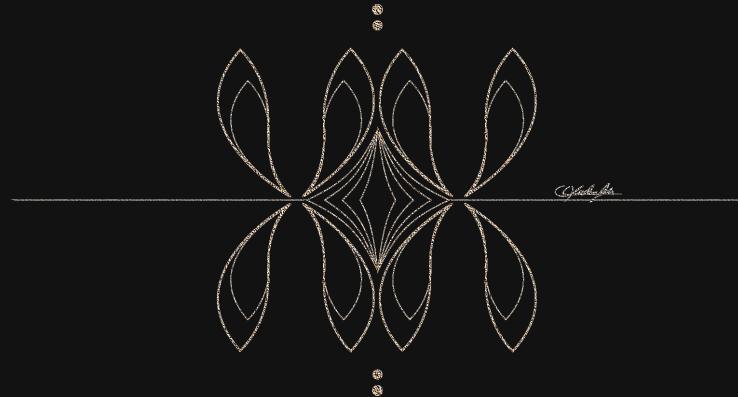

Réalisations d'Affiches

Poster Creations

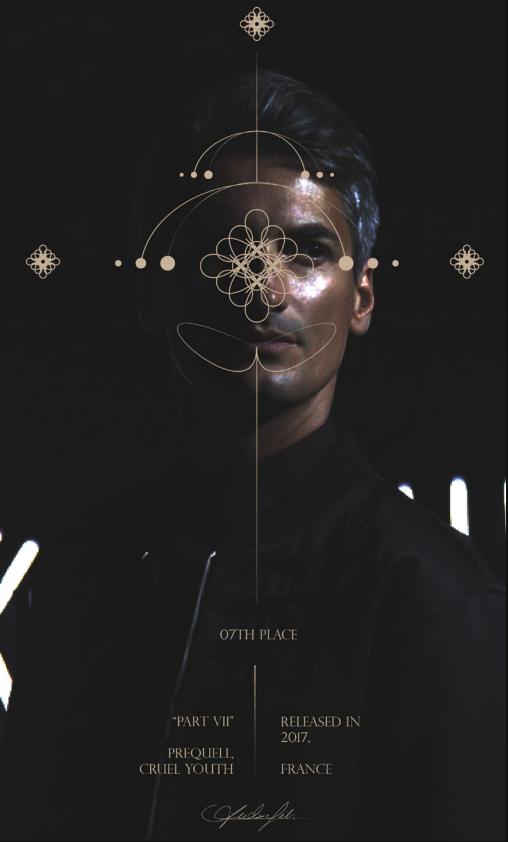

La création d'affiches est très certainement ce qu'il me plaît le plus dans le graphisme. Les miennes sont majoritairement sur des thèmes artistiques, plutôt que sur quelque chose de plus corporate (bien que j'en réalise aussi pour ce contexte).

Réalisé sur la Suite Adobe.

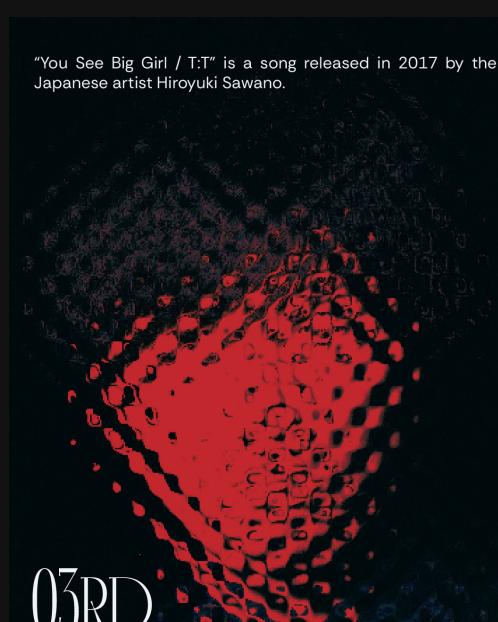

I think designing posters is what I like most in graphic design. My creations are mostly for more artistic topics, rather than corporate ones (although I can design them as well).

Made with Adobe Suite.

No one is going to hear one's cry in the so hostile Great North.

Detective and criminologist in Lyon, France, Teddy Schaffran found out his daughter's cold body has been seen back in Norferville, a mining and isolated city in Quebec. Morgane has been savagely mutilated and left to rot in the snow nearby an aboriginal reserve. With no thoughts, Teddy flies there immediately, knowing he must uncover the truth.

Leonie Rock, a mixed-race police officer, is placed on the case on-spot. She is forced to tie back with this lost place where she was born but also raped by three strangers in her teenage years. It is a return to hell in which the temperatures are barely above -20°c.

Hand in hand, those two people who have lived harsh events are going to strive for answers despite the rough and unfriendly environment waiting for them.

J'ai récemment développé un intérêt pour le dessin et l'illustration. Celles-ci sont majoritairement réalisées sur papier, n'ayant pas de tablette graphique (mais j'en réalise parfois sur ordinateur).

Réalisé sur papier & Illustrator.
